

CRANE OPERATORS REQUIRED – LOCAL 955 SHUTDOWNS

Any persons interested in going to work on Fort McMurray shutdowns can view the Local 955 Job Board <https://www.oe955.com/jobs/job-board/> and filtering the category to Crane jobs. At the moment, the majority of the calls are for Sterling and NCSG at CNRL and Suncor. The main tickets required are CSTS, BSO (OSSA or CSO are usually equivalent), OSSA Fall Pro, and H2S Alive. If someone is short one of these tickets, they still may be able to take a call. They have positions for AT, RT, and carrydecks.

If persons are interested but do not have a profile on Local 955's website, they can email their resume and tickets to Rod Sanchez, Lead Dispatcher, at rsanchez@oe955.com or call Candace Quinton, Assistant Dispatcher, at 403-250-3840 ext. 3403.
