In a letter of February 1, 2019, the membership of Local 904 was advised that the International Union released the Local from International Supervision, effective immediately. At such time it was decided that the Local would remain under Monitorship, to be overseen by Regional Director Lionel Railton, who would make periodic reports to my office concerning the progress of the Local. The monitorship was to continue until such time as the Local could demonstrate a successful transition to full autonomy.

Based upon Mr. Railton's recent reports, my assessment is that the leadership of 904 has successfully remedied the failures of the Local's prior administration. Insomuch as this is the case, I hereby remove the imposition of International Monitorship from Local 904 and restore the Local to full autonomy effective July 12, 2021.

Your continued cooperation and support of your Local Union is both necessary and greatly appreciated, as it will assure Local 904's success going forward.

Fraternally,

James T. Callahan
